

Location: Radnor Corporate Center
Radnor, PA

Client: Brandywine Realty Trust
Radnor, PA

Every Sign For Every Scenario

You just developed a wayfinding system for your campus, but who can implement it. A large illuminated gateway sign, several freestanding directional signs and hundreds of small identification signs for the offices. You need these signs at different times and in different amounts. Compass Sign has the project management and flexible fabrication skills needed to ensure that every sign in the guidelines are fabricated and installed to the highest level of satisfaction and on schedule for the life of the program.

Radnor Corporate Center

Radnor Corporate Center developed a concept for a family of interior and exterior signs for their entire campus. Compass Sign ensured that the guidelines for the program were upheld and that every sign had been fabricated with consistency resulting in an efficient installation. Compass Sign currently manages all the ongoing sign needs for the campus in collaboration with the facilities department.

Compass Sign will administer your system with:

- Support, maintenance and value engineering.
- Design support services including shop drawing integration into guidelines and electronic guideline systems.
- On demand pricing, fabrication and delivery from a single sign to hundreds.
- Collaborative management processes to support the facilities department.
- Full review of sign codes for all systems.
- Periodic audits to ensure system management efficiency.
